Problem Set 5

Sept 2021

Task 1: Krusell-Smith Model

Solve stationary equilibrium of Krusell-Smith model using algorithm developed in Winberry (2018). The model is introduced in Appendix of Winberry (2018).

Task 2: Khan-Thomas Model

Solve stationary equilibrium of Khan-Thomas model using algorithm developed in Winberry (2018). The model is introduced in main text of Winberry (2018).
